FOURTEENTH CONGRESS OF THE)
REPUBLIC OF THE PHILIPPINES)

HOUSE OF REPRESENTATIVES

House Bill No. 2511

Introduced by Representative Rufus B. Rodriguez

EXPLANATORY NOTE

Section 14, Article II of the 1987 Constitution provides that the "The State recognizes the role of women in nation-building, and shall ensure the fundamental equality before the law of women and men".

Under Article 130 of the Labor Code, as amended, night work for women employees is generally prohibited in industrial and commercial undertakings. This general rule, however, admits of exceptions as provided for under Article 131 of the same Code. In addition to the six (6) exceptions specifically enumerated in Article 131, where women employees are allowed to work during night time, the Secretary of Labor is allowed, in analogous cases, to exempt women employees from the said provision.

There has been a demand for exemption on the night work prohibition of women employees, especially in the call center industry. In granting exemption, the Department of Labor and Employment (DOLE) considered the changes brought about by the increasing demand for globalization, liberalization, advanced information and communication technology and the Constitutional mandate for the equal rights to employment opportunities and the right against employment discrimination.

In view of the foregoing, and given the importance of the Constitutional mandate providing equal opportunities to all, which is to increase women participation in work and enhance employment generation, exemptions from the night work prohibition for women under Article 131 of the Labor Code should be expanded. Hence, the approval of this bill is earnestly sought.
