**EXPLANATORY NOTE**

It is the declared policy of the State that education, including science and technology, arts, culture and sports is a priority of the state. It is then the mandate of the government to provide a system of education including providing for a free public elementary and high school. That is why the Constitution of the Republic of the Philippines explicitly states that the highest budgetary priority shall be given to education. As such, it is mandate of the Department of Education to ensure that affordable and accessible education is accorded to every Filipino regardless if age, gender and ability. That is why almost every year, the annual appropriations for the Department of Education is prioritized as a necessary tool for the overall development and progress of our nation. In accordance to those mentioned above, this Representation is filling this bill for the creation of National high School in Barangay Atlag, City of Malolos, in the 1<sup>st</sup> District of Bulacan to be known as the Atlag National High School.
