EXPLANATORY NOTE

The National Council of Churches in the Philippines (NCCP), a non-profit, non-stock religious corporation, was granted a franchise to construct, install, operate and maintain radio broadcasting stations in the Philippines effective July 09, 1995 under Republic Act. 8110. The same law has given the grantee the rights, privileges, and authority to function for a period of twenty-five (25) years.

For 60 years now, the National Council of Churches in the Philippines through its Broadcast Ministry continues to serve as an important instrument in information dissemination that bridges communication gaps among the populace of the country. It was able to provide sound and balance programming through its broadcasting stations, making information easily accessible to the communities it serves. It has also frequently communicated with the people on important issues that concern the public interest.

Its first station established in Dumaguete City at the campus of Silliman University on August, 1948. DYSR 891 AM was a pioneer in Central Visayas and its signal reached Northern Mindanao. Later DYSR 95.1 FM was added on May 25, 1999. It expanded further in Luzon when two stations, an AM and FM, were added in Metro Manila but were closed when Martial Law was declared in 1972. In February 2011, DWSW 104.7 FM was established in Sagada, Mt. Province.

Presently, the Broadcast Ministry of the NCCP not only serves the communications need of the communities where they are located, but also serves as the voice of the ecumenical movement, proclaiming a message that unites through
the Gospel and empowering the marginalized towards abundant life through peace, justice and love.

On July 09, 2020, the law that has given life and mandate to the National Council of Churches in the Philippines to engage in a ministry of communication through broadcasting will expire. Therefore this bill seeks to extend the term of the franchise of the National Council of Churches in the Philippines for another twenty-five (25) years from, its original expiration date, for radio and television broadcast in Luzon, Visayas and Mindanao.

At this time when the COVID 19 has limited the movement of people, the use of the airwaves has become more crucial. Broadcast services, especially radio, becomes an important instrument to reach students in the far flung areas where travel has become limited.

In view of the foregoing, the passage of this bill is earnestly sought.
