AN ACT
CREATING THE NATIONAL EYE CENTER
AND APPROPRIATING FUNDS THEREFOR

EXPLANATORY NOTE

Blindness and poor vision have a tremendous impact on one’s quality of life, particularly for those living in poverty. Eye diseases usually lead to the loss of productivity, which in turn lead to the loss of income and low standards of living. This then limits the patient’s access to quality healthcare services and deprives their families with educational and other opportunities. Therefore, blindness leads to shortened life span and loss of economic productivity of a nation as a whole.

An estimated 2.2 billion people around the world suffer from vision impairment. Yet the first World Report on Vision by the World Health Organization (WHO) reveals that half or about 1.1 billion do not receive the care they need for conditions like near and far sightedness, glaucoma, and cataracts.¹

It is the overall vision of the Philippines’ National Prevention of Blindness Program that all Filipinos shall enjoy the right to sight by year 2020. To achieve this, the State commits to providing access to quality eye care services, strengthen partnerships with stakeholders to eliminate avoidable blindness, empower communities to promote eye health, and to work towards the preservation and restoration of sight of indigent Filipinos as a strategy in poverty alleviation.² As we reach 2020, the country’s

² Department of Health (DOH) Administrative Order 2013-0010.
Prevention of Blindness Program is revamped with the issuance of revised policies, aligning the program with Universal Health Care (UHC) and WHO’s goal of universal eye health, while ensuring that it remains responsive to the changing trends in blindness and visual impairment.

In the efforts of providing the people quality eye care, this bill seeks to create the National Eye Center. The proposed institution will specialize in preventing, treating, and rehabilitating people with eyesight problems and will undertake research and training on the cure and prevention of eye diseases. This initiative will help the State in achieving its goal to reduce the prevalence of avoidable blindness.

In view of the foregoing, the immediate passage of this bill is earnestly sought.

for other entities in which it may be interested;

(h) To levy, assess and collect such fees, charges and assessments
as may be necessary or proper to support, finance and maintain
its operations; and

(i) To exercise such other powers and functions as may be
incidental or necessary to carry out the purposes and objectives
of this Act.

SECTION 5. Board of Trustees. – The Center shall be governed, and its
activities and properties shall be directed, controlled and managed by a
Board of Trustees, hereinafter referred to as the Board, which shall be
composed of a Chairperson and ten (10) members, all of whom shall be
appointed by the President of the Philippines. The Chief Executive Officer of
the Center, who shall be appointed front among the members of the Board
in accordance hereof, shall be the ex-officio Vice Chairperson of the Board.

The members of the Board shall serve for a term of three (3) years, with a
right to hold-over until their respective successors shall have been duly
appointed and qualified. The President of the Philippines may, however,
remove any member of the Board for cause. Whenever a vacancy shall occur
in the Board, the person appointed to fill the vacancy shall hold office for the
unexpired term of the member replaced.

SECTION 6. Powers and Functions of the Board. – The Board shall have
the following powers and functions:

(a) To formulate policies, guide lines and programs to effectively
implement and carry out the purposes and objectives of this Act;
