AN ACT
EXEMPTING FROM TAXATION FOR THE TAXABLE YEAR TWO THOUSAND TWENTY ALL MEDICAL AND NON-MEDICAL FRONTLINERS WHO ARE DIRECTLY SERVING, TREATING, CARING, AIDING AND ASSISTING COVID-19 PATIENTS

EXPLANATORY NOTE

As the COVID-19 pandemic attacks the whole world, everyone is being asked to contribute something that would at least lessen the effects and impact of the disease. People rise together to counter and fight this virus which origin and cure are still unknown, but has a far reaching effect to the lives of every individual and the economy of every country.

In the Philippines, working hand in hand with the government at the forefront of the fight against the COVID-19 virus are our healthcare workers and various frontliners. From the very first day that the disease had invaded and threatens the lives of every Filipino, medical and non-medical frontliners bravely faced and fought the hazard of infection to prevent the spread of the virus. As the pandemic sweeps through the country, these so-called modern day heroes do not hesitate to leave their own family and risk their own lives in order to protect other people. Despite the fact that a considerable number of doctors and health workers have succumbed to this dreadful disease, our frontliners still continued to abide by their sworn duty to the best of their abilities and judgment, to prevent diseases and provide the health care services to people need during this pandemic, even if it entails stepping out of the comfort to take the challenge and the risk of getting the disease.
By way of recognition to the invaluable contribution of our frontliners who put themselves in harm’s way every day to attend to the needs of the COVID-19 patients, this bill seeks to exempt the frontliners from income tax for the taxable year 2020.

This same bill is also a simple way for the government to express its gratitude and appreciation for the courage and dedication being shown by all our country’s frontliners in the face of this pandemic posed by the corona virus disease.

In view of the foregoing, the passage of this bill is earnestly requested.
