EXPLANATORY NOTE

The Covid19 pandemic has brought many challenges to our students, learners, and professionals, with respect to their education and career development. Nowadays, internet connectivity has become an essential commodity in order for one to be updated and knowledgeable of the current events.

However, despite the enhancement in technology and internet connectivity, many places in our country do not have free access to the internet. This measure proposes the creation of barangay internet hubs in every barangay that will provide the free use of electronic gadgets and internet connectivity for learning and professional enhancement and development.

In view of the foregoing, approval of this bill is earnestly sought.
