House Bill No. 7758

INTRODUCED BY
REP. ALFRED VARGAS

AN ACT
DECLARING THE LAST Full WEEK OF SEPTEMBER OF EVERY YEAR AS THE "NATIONAL WEEK OF THE DEAF" AND SEPTEMBER 23 AS THE "FILIPINO SIGN LANGUAGE DAY"

EXPLANATORY NOTE

Our country’s commitment to inclusivity is embedded on how our laws would vow to uphold and protect the rights and welfare of Filipinos who are marginalized. Persons with disability (PWDs) are among the most vulnerable to discrimination and exclusion because of the many barriers that prohibit them from accessing basic social services.

In 1992, the Republic Act No. 7277 or The Magna Carta for Disabled Persons brought light to the many challenges that the country faces together with its PWD citizens. The law provides for integration of persons with disability (PWD) into the mainstream of society by exerting all efforts to remove all social, cultural, economic, environmental, and attitudinal barriers to persons with disability.

In 2013, Republic Act No. 10533 or the Enhanced Basic Education Act and Republic Act No. 10410 or the Early Years Act recognized the Filipino Sign Language (FSL) as the mother tongue and the visual language of the Filipino Deaf community, respectively. These two landmark laws are the first to give legal recognition to FSL leading to the Filipino Sign Language Act.

On October 30, 2018, the Republic Act No. 11106 or The Filipino Sign Language Act was signed into law by President Rodrigo Duterte declaring the Filipino Sign Language as the national sign language of the Filipino Deaf
community.

However, the State must continue to proactively forward cultural innovations to combat stigma and discrimination to members of the PWD community in order for the nation to reap the fruits of these progressive laws.

In line with the International Week of the Deaf, a worldwide initiative since 1958 celebrated annually by the global Deaf Community on the last week of September to commemorate the same month the first World Congress of the World Federation of the Deaf was held, the country must exert its efforts and use this opportunity to promote awareness for the plight of people who are deaf.

Consequently, the United Nations General Assembly has proclaimed September 23 since 2017 as the International Day of Sign Languages in order to raise awareness of the importance of sign language in the full realization of the human rights of people who are deaf.

This bill seeks to declare the last full week of September of every year as the “National Week of the Deaf” for the purposes of instilling public awareness of the human rights situation of the Filipino Deaf, in line with the International Week of the Deaf. Likewise, September twenty-three of every year shall be declared the Filipino Sign Language Day for the purposes of promoting recognition and acceptance of the Filipino Sign Language as a symbol of the need of the deaf for inclusion and as a reminder of the individual’s and the State’s duty to accord due respect to people who are deaf and their linguistic and cultural identity, in line with the International Day of Sign Languages.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
