AN ACT PROVIDING ADDITIONAL SUPPORT AND PROTECTION TO SENIOR CITIZENS IN THE TIME OF PUBLIC HEALTH CRISIS, AMENDING FOR THIS PURPOSE REPUBLIC ACT NO. 9994, OTHERWISE KNOWN AS THE “EXPANDED SENIOR CITIZENS ACT OF 2010”, AND FOR OTHER PURPOSES

EXPLANATORY NOTE

Senior Citizens belong to a special class of individuals who are protected by the 1987 Philippine Constitution. Upon reaching the age of sixty (60), the level of opportunities available to an individual decline as the risk of deterioration of health inclines. Especially in the time of the pandemic, our senior citizens should be given ample protection by the state in order to ensure their health and overall well-being.

In the most recent available data from the Population Commission, there are 7.5 million senior citizens in the country. Roughly 50% of the senior citizens are not receiving any form of pension and are left to fend for themselves. As of April 2020, only 192,874 seniors are receiving social pension from the government.

The current legislation for senior citizens is blind to the complexities of a pandemic or a public health crisis to fully support the needs of the senior citizens, thus the need for this proposal.

---

1 Article 2, Section 11.
The main features of the proposed Senior Citizens Health Protection Act are as follows:

- Guaranteed social pension of Php 500.00 per senior citizen, who are not receiving any form of pension from the government, private institution, and the like;
- An annual gift of Php 1,000.00 on their birthday after they have turned 60 years old;
- Institutionalizing the inclusion of health supplements in the twenty percent (20%) senior citizen discount;
- Free vaccination against influenza virus and pneumococcal disease for all senior citizens, regardless of status in life; and,
- Free access and priority in government testing facilities.

As we enter the better normal, our laws to protect our senior citizens should be able to adapt to their needs and ensure that they are well taken cared off, has strong immune system, and given priority in combatting the public health crisis.

In view of the foregoing, approval of this measure is earnestly sought.
