Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. Nature and Scope of Franchise. — Subject to the provisions of the Constitution and applicable laws, rules and regulations, the franchise granted to the Davao Light and Power Company, Inc., hereunder referred to as the grantee, its successors or assignees, under Republic Act No. 8960, to construct, install, establish, operate and maintain for commercial purposes and in the public interest, an electric, light, heat and power system for the conveyance, distribution and sale of electric power to the end users in Davao City, Panabo City, and the Municipalities of Carmen, Dujali, and Santo Tomas in the Province of Davao del Norte is hereby extended for another twenty-five (25) years after the expiration date of the franchise under RA 8960.

As used in this Act, distribution system refers to the system of wires and associated facilities, including subtransmission lines belonging to or used by a franchised distribution utility, extending between the delivery point on the national transmission system or generating facility and the metering point or facility of the end user.

SEC. 2. Manner of Operation of Facilities. — All electric distribution facilities, lines, and systems for electric services owned, maintained, operated, or managed by the grantee, its
successors or assignees, shall be operated and maintained at all times in the best manner, and it shall be the duty of the grantee, its successors or assignees, whenever required to do so by the Energy Regulatory Commission (ERC) or its legal successor, or the Department of Energy (DOE) or its legal successor, or any other government agency concerned, to modify, improve and change such facilities or systems in such a manner and to such extent as the progress in science and improvements in the electric power service industry may render reasonable and proper.

Whenever practicable and for purposes of maintaining order, safety and aesthetics along highways, roads, streets, alleys, or easements, the grantee may allow the use of its poles, facilities, or easements by interested parties upon reasonable compensation. The ERC shall resolve cases of dispute or disagreement between parties.

SEC. 3. Authority of the Energy Regulatory Commission. – The grantee shall secure from the ERC, or any other government agency which has jurisdiction over the operation of the herein grantee, the necessary certificate of public convenience and necessity and other appropriate permits and licenses for the construction and operation of its electric distribution system.

SEC. 4. Should the grantee, its successors or assignees, after the ten(10)-day notice from the said authority, fail, refuse or neglect to repair or replace any part of public place, road, highway, street, lane, alley, avenue, sidewalk or bridge that has been disturbed, altered, or changed by the said grantee, its successors or assignees, then the DPWH or LGU concerned shall have the right to have the same repaired or replaced in good order and condition and charge the grantee, its successor or assignees at double the amount of the costs and expenses for such repair or replacement.

The grantee shall not engage in any activity that will constitute an abuse of market power such
as unfair trade practices, monopolistic schemes, and any other activities that will hinder
competitiveness of business and industries.

The exercise of the rights granted herein shall not result to stranded assets and
stranded contract costs of existing and operating distribution utilities nor to unreasonable
increases in costs to consumers.

SEC. 6. Rates for Services. – The retail rates and charges for the distribution of
electric power by the grantee to its end user shall be regulated by and subject to the approval
of the ERC or its legal successor.

The grantee shall identify and itemize in the statement of account it issues to end

Congress shall be informed of any sale, lease, transfer, grant of usufruct, or assignment of franchise or the rights and privileges acquired thereunder, or of the merger or transfer of the controlling interest of the grantee, within sixty (60) days after the completion of the said transaction. Any person or entity to which this franchise is sold, transferred, or assigned shall be subject to the same conditions, terms, restrictions, and limitations of this Act.

SEC. 15. Dispersal of Ownership. - In accordance with the constitutional provision to encourage public participation in public utilities, the grantee shall offer to Filipino citizens at least thirty percent (30%) or a higher percentage that may hereafter be provided by law of its outstanding capital stock in any securities exchange in the Philippines within five (5) years from the commencement of its operations: Provided, That in cases where public offer of shares is not applicable, the grantee shall apply other methods of encouraging public participation by citizens and corporations operating public utilities as allowed by law: Provided, further, That the dispersal of ownership by a parent company of the grantee shall be considered as compliance by the grantee with this provision.
