SEVENTEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. 7147

INTRODUCED BY REPRESENTATIVE ALFRED VARGAS

EXPLANATORY NOTE

The World Health Organization has observed that the major causes of death in low income countries can be treated effectively with simple essential medicines. However, these medicines are often unavailable, non-accessible, or unaffordable.

A 2011 study identified insufficient access to low cost, safe, and quality essential medicines as one of the issues confronting the Philippine health system. It observed that these essential medicines are available only 33% of the time. It also claimed that medicines covered by PhilHealth are often not available in authorized outlets. Thus, many low-income patients are either left untreated or faced with high, out-of-pocket expenses for medicines.

This bill seeks to improve the Filipinos' access to medicines by establishing a drugstore in every barangay in the country, to be known as the *Botika sa Barangay*. The proposed *Botika sa Barangay* shall offer the essential medicines listed by the Philippine National Drug Formulary. In addition, the Department of Health is tasked to prioritize the establishment of *Botika sa Barangay* in economically-depressed barangays.

Through this initiative, we are giving the less fortunate better chances of survival from curable ailments, thereby contributing to the improvement of their holistic well-being.

In view of the foregoing, the passage of this bill is earnestly sought.
