House Bill No. 778

Introduced by HON. MA. THERESA V. COLLANTES

#### EXPLANATORY NOTE

This bill seeks to increase the hospital bed of Martin Marasigan Memorial Hospital in the Municipality of Cuenca, Province of Batangas from Twenty-Five (25) beds to Eighty (80) beds.

The 1987 Philippine Constitution greatly promotes the right of people to proper health care. This is specifically indicated in Article II, Section 15 provision of the Constitution "The State shall protect and promote the right to health of the people and instill consciousness among them". It was again mentioned in the Article XIII, Section 11 the importance of providing health care to the people by the Government, which states "The state shall adopt an integrated and comprehensive approach to health development which shall endeavor to make essential goods, health and other social services available to all people at affordable cost. There shall be priority for the needs of the under-privileged, sick, elderly, disabled, women and children."

It is imperative that we address the immediate need to upgrade our hospitals in order to cater to the health care needs of our people. Due to the increasing hospital occupancy rate, the local government cannot sustain the increasing demand of the patients for hospital facilities and health care professionals.

In order to meet these demands, it is important that the government provide them with adequate support in terms of modern equipment, upgraded facilities and hospital employees.

Hence, the urgent need to improve the health care services of the Martin Marasigan Memorial Hospital by increasing its hospital bed from 25 to 80, upgrading its facilities and professional health care.

The passage of this bill is earnestly sought.
