EXPLANATORY NOTE

Section 11, Article XIII of the 1987 Constitution of the Philippines, provides that:

"The State shall adopt an integrated and comprehensive approach to health development which shall endeavor to make essential goods, health and other social services available to all the people at affordable cost. There shall be priority for the needs of the underprivileged sick, elderly, disabled, women, and children. The State shall endeavor to provide free medical care to paupers."

This measure, which will cater to the medical needs of the people of the 4th District of Quezon, aims to establish a public hospital to be known as Tagkawayan Public Hospital with a minimum capacity of one hundred (100) beds. The Municipality of Tagkawayan has a growing population of 51,832 people based on the 2015 census.

This is the most opportune time to create and establish the Tagkawayan Public Hospital in order to conform with the policy of the State to provide quality and efficient health care service in relation to the government's universal health care agenda.

In view of the foregoing, the immediate passage of this measure is earnestly sought.
