HOUSE BILL NO. _____

Introduced by **CONGRESSMAN ALFRED VARGAS**

EXPLANATORY NOTE

In the thrust of developing a strong and proud nation, the State must reinforce the values and spirit of the most basic unit of the Filipino society: the family.

Acknowledging the vital role of the husband in providing care for his wife before, during, and after the birth of their Child, the Republic Act No. 8187 or the Paternity Leave Act of 1996 was enacted. However, the law is still inadequate in addressing the necessities of the Filipino Family.

Studies show that fathers who take paternity leave are more likely to take on active roles in child-care tasks, therefore establishing strong relationships with their children and active involvement in their lives.¹ Furthermore, sufficient early-child interaction has long term benefits for the child's cognitive development. Companies also benefit in providing their employees with a paternity leave policy as such policies help companies in attracting the best and the brightest people to their human resource.

This bill seeks to provide paternity leave to all married employees, regardless of the nature of their employment, and lengthen the leave period to 15 days. The bill also gives father-employees an option to extend his leave for 15 days more without pay. The paternity leave shall not be deducted from the employee's annual leave credits.

In line of the foregoing, the immediate approval of this bill is sought.
