HOUSE BILL NO. 2414

Introduced by Rep. Precious Hipolito Castelo

EXPLANATORY NOTE

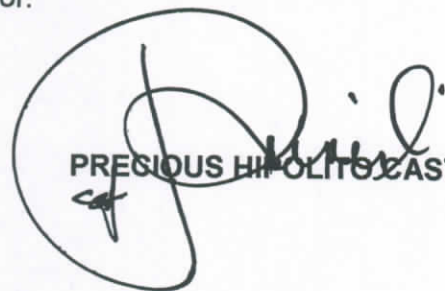

Barangay Health Workers, for the most part, engage in voluntary service in looking after the wellness of the people in the community. They go beyond the call of their sworn duties and sincerely minister to the sick and offer their caring hands to ensure that barangay folks who have less in life would have more in humanitarian service.

But these health workers are as much human beings as those to whom they render service. They are not immune to common diseases. Truth is, they are, ironically, at higher risk of contracting communicable diseases and they barely have anything to fend themselves against contagious diseases prevalent in their respective workplaces.

Thus, if only to mitigate the plight of barangay health workers, free Philhealth coverage is hereby proposed on their behalf. There has to be a form of reward honoring their dedication to public service and free health coverage would be an apt and fitting incentive to give back to these admirable barangay health workers.

Thus, under this bill, every barangay health worker is granted free Philhealth coverage.

The immediate passage of this measure is sought for.
