House Bill No. 6195

Introduced by HON. ESTRELLITA B. SUANSING

EXPLANATORY NOTE

Republic Act No. 8612 converted the then Central Luzon Polytechnic College into a specialized university now known as the Nueva Ecija University of Science and Technology (NEUST) mandated to primarily provide advanced instruction, professional training in arts, science and technology, education and other related fields, undertake research and extension services, and provide progressive leadership in these areas; and to offer graduate, undergraduate and short-term technical courses within areas of specialization and according to its capabilities, considering the needs of the province, the region and the country.

NEUST presently has fourteen campuses around the Province of Nueva Ecija, but only one is located within the First District of Nueva Ecija – the Talavera Academic Extension Campus. The campus serves the students living within close proximity; however, it is still quite a ways away from the rest of the municipalities within the First District of Nueva Ecija especially for the Municipality of Nampicuan. In order to provide quality education closer to more students, there is a need to further expand the University.

This bill seeks to establish an academic extension campus in the Municipality of Nampicuan, Province of Nueva Ecija which will further serve the youth of the First District of Nueva Ecija especially those who are forced to enroll in distant universities and colleges.

In view of the foregoing, the approval of this bill is earnest sought.
